- Kim P. Brooks  
theGANerds

# What is different about theGAnerds?

- Exclusive analysis with SoS Files
- Ten years of Voter Rolls from 2014 - 2024
- Absentee Files
- Voter History Files
- Numbered Reports of Poll Pad Check In Data
- Cancelled Voter File from SoS Office
- Open Records Requested (ORR) Data from Georgia Registration Voter Information System (GARViS)

# Analysis Leads to Different Beliefs

- Looking at One Voter Roll at a Time is far from a complete picture
- Cleaning Voter Rolls is like riding a stationary bike
- Comparing 3 and 4 different types of files at once shows fraud
- Georgia is committing Identity Theft against its own citizens
- Our Georgia Election Officials are being “hamstrung” on purpose
- Most of our Georgia Election Officials are perpetrating Fraud unknowingly
- Centrally, our votes are deleted, swapped, and diluted, before, during, and after an election

- Changed to 708 W Albany St.
- He has been “cloned” four times between 2023-2024

- Dougherty Cancels her ID October, 2020
- October 2022, TWO YEARS after DEATH, a Duplicate ID was created during a Federal Election

## Duplicate IDs Reissued Sec. A.2 Case One

- We used to think Duplicates were an accident
- Nothing could be further from the truth
- This case shows identity theft over four years on one person
- We caught wind when one of her Duplicate IDs that had been previously cancelled showed up in a totally different county with HER driver's license #, HER SSN#, HER birthdate, and a FAKE address and FORGED signature!
- This Identity Theft came through the Dept. of Driver Services as a False Government Document

# Forgery and Identity Theft

Three Different Signatures!

# Peach County Double Votes

- Reg ID 00141199 moved from Bibb to Peach in March 2023 per the Voter Roll

- He now has TWO Reg IDs
- The SoS files show him double voting on May 8<sup>th</sup>, 2024 in the Primary

- Made him inactive, No Contact (What?)

## Felons Sec. A.3 Case One

- There are multiple schemes against Felons
- Case One used to live at 4155 **Satellite Blvd**, Duluth, GA
- In 2015 he was arrested for Armed Robbery and received a 20-year sentence
- He was cancelled by Gwinnett County in 2017 and the reason was “Felon”
- Apr 2023, he is reissued on VR at **3900** Schatulga Rd, Columbus, GA which is the jail.
- May 2023, he moved to **3900 Satellite Blvd**, Duluth, GA

## Felons Sec. A.3 Case One - Cont'd

- He was on Gwinnett VR from May 2023 until Aug 2023
- Gwinnett Elector Challenged this person on VR
- Gwinnett Election Supervisor sent a letter on Aug 16, 2023 stating Felon had been in Columbus since Apr 2023 (which wasn't true)
- GARViS Audit History Log no longer has any evidence of being in Gwinnett from May - August showing the obvious Fraud.
- The “update” was made on Aug 14, two days before the letter was sent out.

# Felons Sec. A.3 Case One - Cont'd

I am writing to acknowledge receipt of your letter dated August 8, 2023, and the attachments.

O.C.G.A. § 21-2-229 allows a voter registered in Gwinnett County to challenge the qualifications of Gwinnett County registered voters. The challenges will not be scheduled for a hearing because both voters are no longer Gwinnett County registered voters. Mr. [REDACTED] registered in Fulton County on May 4, 2023, and Mr. [REDACTED] registered in Muscogee County on April 28, 2023.

Thank you for your continued interest in the work of the Gwinnett County Board of Voter Registrations and Elections.

Sincerely,

Zach Manifold

### B. Manipulation of Dates in the Voter Database

B.1 Manipulation of Date Added and Initial Registration Date	In Progress
B.2 Manipulation of Registration Date prior to an Election (2020)	3,700
B.3 Manipulation of Date Last Voted	In Progress
B.5 Manipulation of Date Last Modified	In Progress

# Manipulation of Official List of Electors

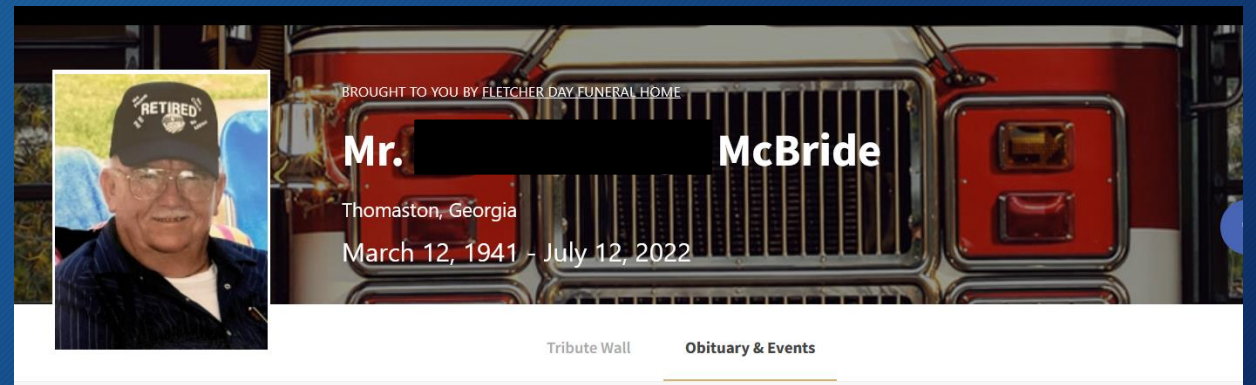

- Back Dating of Registration Dates to have the “appearance” of Registering in time to Vote is criminal intent
- This is a disturbing pattern across 2020, 2022, and the recent 2024 Primary
- In 2020 the deadline to Register to Vote was 10/5/2020.
- We have a 10/25/2020 Voter roll which “should have” all eligible electors
- We compared the 10/25 VR with the 11/22 VR and found **9,300** Reg IDs with a 10/5 Reg Date or before (back dated)
- Of those, **3,700** received credit for voting

# Mr. McBride US Air Force 1959-1963

- Reg ID 00354852, McBride, DeKalb Fireman and Paramedic
- Deceased: July 12, 2022
- Cancelled: 8/14/2022
- Reissued on Voter Roll: 6/16/2023
- Date Last Contact 6/16/2023 - Who's talking to him????

- Disappeared by 01/2024 w/o Cancel

### C. Manipulation of Absentee Ballots During an Election

C.1 Unlawful Too Early Ballot Requests (2020)	235,520
C.2 Precinct Address Manipulation	In Progress
C.3 Ballots Mailed to Purposeful Bad Addresses (2020)	2,700+
C.4 Ballots mailed to Registrants out of State	All 50 States

# 2020 Unlawful Too Early Ballots

- Absentee ballots could not be requested until 180 days or less before the 2020 General election
- That date was May 6, 2020
- The normal process is for the county elections office to handle this process and reject any ballot request too early
- In 2020, Raffensperger took over the process of ballot requests until some time in mid-September.
- The stated reason was saving \$\$ on a mass mailing which was Sept 18<sup>th</sup>

## 2020 Unlawful Too Early Ballots - Cont'd

- Outside the Counties knowledge, 158 of 159 counties accepted ballots too early dating back to January of 2019, many times in large “batches”- before and during COVID
- What human requests a ballot in January of 2019 for a November 2020 election?
- The number of unlawful too early ballot requests turned into .....235,000+ votes
- How do you hide an unlawful LARGE amount of ballots? A MASS MAILING
- What happened to these ballots?
- Did Raffensperger know COVID was coming? The file suggests so.

# Ballots Mailed to Purposeful Bad Addresses Sec. C.3

- *“In the case of David A. Perdue and Elizabeth Grace Lennon, vs. Richard Barron, et. al. in Fulton County, GA, Reg ID 10687494, Elizabeth Grace Lennon, had her vote stolen by one of these purposeful bad Addressed ballots.”*

- He lives in Charlotte, NC
- He has been OCGA 21-2-229 challenged with over six points of data but Gwinnett continues to allow this felon to vote in our state.

# Deleted and Swapped Vote

- Patrick and Rose lived in Fannin County in 2020
- They like to vote together, in person, on election day
- They checked into the Fire Station Precinct one minute apart on 11/3/2020
- Their voter history and their “My Voter Page” on the Secretary of State website tells a different story
- Patrick “apparently” voted via Raffensperger’s Unlawful Too Early Ballots
- He not only didn’t ask for a ballot, they didn’t mail a ballot, or vote via ballot.
- “If” he had voted via this Fake Ballot, he could have never checked in at the Fire Station.
- His vote was deleted and then swapped for a fake ballot.

# Credited Votes on Ballots that were never Received

- Ms. Konke died 9/9/2020
- Bibb County Cancelled her on 9/27/2020 as “Deceased”

# What Does This Mean?

- You can have the best Election Supervisor in the State
- You can have properly trained Poll Workers and Poll Watchers
- You can reconcile all of your election numbers and report properly to the Secretary of State
- You can have relatively clean voter rolls

**BUT**

- Until our voter rolls are decentralized, the machines are UNPLUGGED, and we go to hand marked, hand counted paper ballots, the Secretary of State's office CAN, HAS and *WILL* alter an election!
